

STATUTORY RISK ASSESSMENT TEMPLATE NOTICE & APPOINTEE SCHEDULE

FOR BASELINE (BRA) & OPERATIONAL (ORA) RISK ASSESSMENTS

STATUTORY NOTICE: LEGAL NATURE OF THIS DOCUMENT

1. Technical Baseline Character: This Operational Risk Assessment (ORA), Baseline Risk Assessment (BRA), and Safe Work Procedure (SWP) is compiled via The Vault (Simple Solutions). It is a procedural baseline guide formulated from open-source agricultural safety benchmarks, Driven Machinery Regulations, General Safety Regulations, and SIZA / GlobalG.A.P. audit criteria. SIMPLE SOLUTIONS (PTY) LTD DOES NOT WARRANT THAT THIS DOCUMENT EXHAUSTIVELY CAPTURES ALL PHYSICAL OR SITE-SPECIFIC HAZARDS.

STATUTORY ATTESTATION BY EMPLOYER / SECTION 16(2) APPOINTEE

2. Non-Delegable Responsibility: Under Section 8(2)(d) and Section 9 of the Occupational Health and Safety Act 85 of 1993, the Employer is legally mandated to establish the specific hazards attached to any work performed and ensure appropriate precautionary measures are enforced.

3. Assessor Attestation & Adoption: BY DIGITALLY SIGNING AND LOGGING THIS DOCUMENT, THE REGISTERED ASSESSOR / SECTION 16(2) APPOINTEE EXPRESSLY WARRANTS THAT:

- **Physical Inspection:** They have physically inspected the specific work area, packhouse line, orchard block, electrical installation, or machinery.
- **Risk Verification:** They have independently verified that the likelihood and severity ratings reflect actual physical conditions on this estate.
- **Control Enforcement:** They have verified that all listed control measures and mandatory PPE are physically available, maintained, and enforced.
- **Internal Adoption:** This assessment is formally adopted as the Client's own internal statutory safety standard.

DISCLAIMER OF INDEPENDENT STATUTORY LIABILITY

4. Zero Liability: Simple Solutions (Pty) Ltd, its developers, and corporate sponsors hold zero legal liability for any workplace accident, physical injury, occupational illness, fatality, or regulatory sanction arising from reliance on, or failure to enforce, the control measures set out in this document. Accredited professional engineering surveys and certified occupational hygiene assessments must be procured independently where required by law.
